Democratic Victory.

Tuesday was Democratic day in this country, Wilson and Marshall having been elected by the biggest plurality of any president ever elected. The reports indicate that beyond all doubt the Republicans have carried but three states, Vermont, Utah and Idaho with a total of eleven electoral votes. Roosevelt has Pennsylvania probably Illinois, Kansas and Michigan with 92 electoral votes while Wilson will have over 425 votes in the electoral college.

Kentucky has gone Democratic by over 100,000 votes. C. C. Turner has been elected to the Appellate branch from this district by 3,000 votes. Nine of the eleven Congressmen will be Democratic. Caleb Powers winning in the Eleventh by a small majority and John Langley winning in the Tenth.

Powell county is Democratic by 200. The returns are very satisfactory to us, but we feel sorry for the poor old Republican party.

Dr. M. B. White, V. S., Flemingsburg, is in the city and will be located at Eaton's livery stable for sixty days. His card appears in this issue of the Times. The editor of this paper had him treat a very sick pony Tuesday. He brought him around all right in 24 hours. The pony was in a serious condition and but for the prompt aid of Dr. White would probably have died. From the experience of the Times man we recommend Dr. White to all stock owners having sick animals.

Easy Victory.

The battle is over and the victory is won, but the sweet is taken out to a great extent on account of the ease in which it was won. The majority of Wilson in the electoral college will be greater than was expected by the most enthusiastic supporters of Wilson. Taft is the worst beaten man that ever ran for president as a nominee of a leading party. He has made a good president; has done what he was elected to do, but his own has turned him down and all to appease the whims of one man, who in entering the race against him because a falsifier and a deception, but he hoodwinked enough Republican votes to run in second place. He is a sham. Mr. Taft didn't deserve such a throw down and he has our sympathy.

Now that the election is over let us lay down politics for another year and look after business as we should, and we are sure the change in the administration will be no hamper to our success.

The new roads law says without the county court's order no new road shall be established less than thirty feet wide, and no hill shall be on this road with more than five feet rise to the hundred. This law is good. Why not start now to make the old roads conform to this new law?

Attorney J. M. McDaniel, of Beattyville, and Henry Breckinridge, of Lexington, made speech in this city Friday night in the interest of the Democratic ticket.

The Relation of The Automobile to Roads.

It has been said that "the automobile does not build roads but shows the necessity for roads." Every man who buys a car becomes at once, if he was not before, an advocate of roads and, in this state, must at once contribute to the "State Road Fund" to the extent of his license fee. Section 13 of our automobile laws reads: "All fees collected by the Secretary of State under this act shall be converted by him into the State Treasury for the benefit of the State Road Fund and to be applied and set apart as an addition to that fund."

The 6,000 cars that will be licensed in the state this year will contribute some \$50,000.00 to state road work.

While Kentucky is seventh in improved roads, these roads have, practically, been built in about 20 per cent, of the counties of the state. This leaves 80 per cent, of the counties, with about 60 per cent, of the population, so situated that automobiles are of little service, but each machine brought into one of those counties is a "good roads missionary." A man residing in one of the many counties in the state not blessed with an abundance of roads, purchased a small automobile. This gentleman is so fortunate, or unfortunate as you may see it, as to own one of the few remaining toll pikes in the state. For twenty years he has repaired (?) this road by crushing limestone by hand to about the size of a pint cup and allowing the traffic to complete the job. After one trip over the road in his "benzene buggy," it is reported, he took the next train to the city to buy modern road building machinery, a grader, stone crusher, road roller, etc. Therefore, while the "automobile does not build roads," it shows the necessity for roads.

SPOUT SPRING.

Eld. P. N. Taylor will preach at the Baptist church Sunday at eleven o'clock.

Mr. and Mrs. J. T. Wright, of Vaughn's Mill, visited Mr. and Mrs. Asa Barnett Sunday.

Mr. and Mrs. Henry Wiseman, of Clark county, visited relatives here Saturday and Sunday.

Wm. Edge has moved to Clay City for an estwhile stay and will later move on to Winchester. Dave White will move to Mr. Edge's property and Asa Snowden to the house vacated by Mr. White.

Elder Albert Easter, of the Christian church, preached a most interesting sermon at the Baptist church Sunday morning. We hope to have Bro. Easter frequently visit us as we always enjoy his splendid sermons.

Dr. M. B. WHITE, VETERINARY SURGEON.

....Graduate of the....
Langshire V. S. College, England 1869.
FLEMINGSBURG, KY.

I can now be seen at Eaton's Livery Stable in Clay City for about 2 months where I will be able to treat all kinds of sickness of Horses, Cattle, Sheep, Hogs and Dogs.

All examinations and consultations free. Call and see me.

Will Move to Winchester.

Hon. John Hardwick of Powell county, purchased Friday from Mrs. Ella Rounsavall a lot on French ave., for a consideration which was not given out, but said to be a pretty good price. The lot adjoins the property of Mr. R. Penn Taylor and the Misses Bright. Mr. Hardwick will erect a handsome brick dwelling and move his family here to reside, which will be received with much pleasure by the many friends of Mrs. Hardwick, who will be remembered as Miss Grigsby, daughter of Mrs. Telitha Grigsby of Boone Avenue.—Winchester Democrat.

Only One Road to Success.

Young man, there is one thing you cannot do. You cannot make a success in life unless you work. Older men than you have tried it and failed. You cannot loaf around the street corner, smoke, tell stories and sponge on some one else without making a failure of life. You must learn a trade or get into some honest business. If you don't will become a chronic loafer, and there is no place in the world for loafers. The ripe fruit is at the top of the tree and you must climb if you get it or some smart man will pluck it from you. Do something, no matter how small or how low the wages, it will be a starter. Help yourself and others will help you. There is no royal road to success; will, grit and endurance are the qualities that lead to it.

One of the most hopeful signs of the time has developed in this campaign. Heretofore a presidential campaign has had the effect of checking the progress of business and holding the industries to some extent at a stand still. The presidential campaign that was just closed has been a notable exception to this rule. It seems that the American people have at last made up their minds that "business" can thrive and prosper during a presidential contest as well as at any other time, as the past year has been one of very unusual prosperity.

Washington was greatly shocked at the untimely death of the Vicepresident of the United States, Honorable James S. Sherman which occurred Oct. 30. "Sonnie Jim" as he was familiarly known to the Washingtonians was a very popular figure at the Capitol and was always a "jolly good fellow", and was much liked in political circles. He was one of the ablest and most determined supporters of Uncle Joe Cannon when that gentleman was the "czar" and speaker of the House.

We saw a man last Friday who formerly was charged of carrying considerable liquor into local option, Estill county, from Clay City. He had his saddle pockets and was inquiring a near road to Virden. Upon inquiring we learned that it is reported that liquor is being sold somewhere in the vicinity of Virden. We hope this is not true still the authorities should investigate the report and if true they should be vigorously prosecuted.

By listening to some people talk it is easy to learn what other people should do. It sounds better to us for the leader to say, "come on boys" instead of "go on boys". The leader of any enterprise should be the heaviest contributor.

Long live William J. Bryan the patriot-the statesman-the incorruptible-to drive the "money changers" out of the "Temple" of Democracy as he did at Baltimore like the Nazarene 1900 years ago.

Mr. Perkins does not lose his temper as picturesquely as Col. Roosevelt does. But he does very well for a man of comparatively limited experience in that branch of political art.

Senator LaFollette refused to vote for either Taft, Roosevelt or Wilson. Does this mean that a new party is about to be

Well, we feel better today than we did four years ago. Knowing as we do how badly one feels under defeat, the editor has no tantalizing words for our good Republican friends. Their defeat being so much greater than we ever experienced, we judge they are miserable and they have our sincerest condolence.

After all this investigation some anxiety arises as to who will have the courage to produce campaign funds for 1916.

The 4th of March is coming to be regarded with favor as a date for regination as well as inauguration.

Four years of honest Government equal rights to all and special privileges to none.

Flagged Train With Shirt.

Fearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C. once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in bad condition, out four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50 cents at all dealers.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was considered to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred

MILLIONS Can Be Saved To Kentucky By The Appoint- ment Of Adequate Counsel

Justus Goebel Makes Strong Appeal for Pro- tection To People's In- terests

In Open Letter He Asks That Lawyers Known To Be Loyal To the Cause Of the People and Free From Cor- poration Taint be Employed In the Suits Against Tax- Dodging Corporations

OPEN LETTER.

Frankfort and Covington, Ky.,
October 31st, 1912.

To His Excellency, Governor James B. McCreary; to all Administrative and Legislative officers of the State and to all citizens of the Commonwealth who are interested in equal and uniform taxation:

"Tell my friends to be brave and fearless and loyal to the great common people."

These last words of my assassinated brother, William Goebel, have a sacred significance to me and when in September, 1909, I again commenced to take an active interest in our State's affairs, it was not to gain political favor, for there is no office I would have; but it was with hope and confidence that my work would, during the administration of the present state officers, open up an opportunity for Kentucky to take up William Goebel's work where the assassin's bullet had interrupted it, and in that event every department of our government would give thereto by voice and action most positive, vigorous and loyal support.

Relief Must Come.

Necessity for action in the interest of the people has grown as years have passed until it has developed into what is to-day a crying shame and from which relief must come.

Too long, altogether too long, has there been unjust discrimination against the people, unjust and burdensome taxation upon the people, as compared with what has been required to be paid by the big corporations of our State. Corporation lawyers have lustily said the death of William Goebel was a benefit to the corporations. If this was true, the question is, how much longer shall the people be held in bondage because of his death?

God knows the corporations now using the State have been able to procure (and the word procure is used advisedly) immunity long enough from paying their just share of the taxes.

A hundred million dollar increase in the value of corporation property for taxation opens a new era in the State's affairs, and has awakened the people, and brought them to a realization of what has been done to them, and there will be a farther awakening, which will correct abuses equally as unjust as unequal taxation. A true awakening of the people has come, and henceforth every man who would hold office must be a progressive, and no politician will satisfy them; they will sweep aside and into oblivion as old chaff any man who hesitates or craves stand in the way of betterment of conditions and improvement in every way for the whole people.

Gross Undervaluation.

No one doubts, had William Goebel been permitted to live, that which was done last month by the Board of Valuation and Assessment would have been done more than a decade ago, and to-day, instead of the large corporations fighting in the courts and in the State's methods, endeavoring to

JUSTUS GOEBEL. GOV. J. B. MCCREARY.

tion, to throttle the action of this State Taxing Board, the first to act fully in the interest of the people, they would long ago have been paying into the State, county and city treasuries their just proportion of taxes.

It is very evident that in Kentucky, as in other States, big corporations will never pay a cent more of taxes than they are made to pay.

Take the case of the C. & O. R. R. In 1911 this road, on its entire system in Kentucky, paid taxes on a total valuation of only \$9,313,270, whereas the street railway company of the city of Louisville was made to pay on a valuation of \$10,800,000. The C. & O. R. R. in 1901 paid taxes on a franchise valuation of only \$2,171,189, and in 1911 on a valuation of only \$2,743,359, whereas the Board found their 1912 assessment should be \$18,798,630. The C. & O. R. R. in 1901 paid taxes on a franchise valuation of only \$3,119,197, and in 1911 on a valuation of only \$3,559,320, whereas the Board found their 1912 assessment should be \$10,674,200. The L. C. in 1901 paid taxes on a franchise valuation of only \$1,989,879, and in 1911 on a valuation of only \$4,510,320, whereas the Board found their 1912 assessment should be \$14,746,857. The L. & N. R. R. in 1901 paid taxes on a franchise valuation of only \$5,564,879, and in 1911 on a valuation of only \$11,899,200, whereas the Board found their 1912 assessment should be \$45,428,074.

The Covington companies in the past paid as little, proportionately, as did most of the above mentioned companies, and without exception all these companies and the two others suing wanted the same assessments for 1912 that they had in 1911. The Board of Valuation and Assessment based their 1912 assessments on convincing proof of values placed before them, and the assessments are uniformly just and fair, and of the more than four hundred corporations assessed, only seven have protested in the courts, and these are among those that have always proportionately paid the least.

In the last twelve years the State, counties and cities have been robbed, and the word robbed is the only word that fits the case, of more than ten million dollars in taxes.

In the years from 1902 to 1911, inclusive, a period of ten years, there has been an average increase in the franchise assessments of the four largest railroads of the State of only 14 per cent yearly, and this almost unbelievable record of astonishingly small increases was made in the ten best years for earnings that the railroads of this country ever saw. The picture here presented of the previous inadequate franchise assessments is astounding, but when one examines into the situation regarding the terrible assessments made by Railroad Commissions of the properties of six of the corporations now suing the State, the word "astounding" is inadequate and must be here supplanted by the word "dumfounding" to state more correctly what the tangible assessment picture actually presents.

Work is Delayed a Decade.

Take the case of the C. & O. R. R. and the records show that the tangible property of this company in 1892, twenty years ago, was assessed at \$8,619,577. In 1911 notwithstanding the extensions made in mileage of road, double tracking of a vast system, acquiring much new real estate and probably more than doubling their equipment of engines and cars this company's tangible property was assessed at only \$6,270,270, or 21 1/4 per cent less than in 1892, twenty years ago.

In 1892 the market price of C. & O.

stock was around 11 cents, and to-day the stock of this company is selling at 81.5 cents, and the capital stock has been increased to one hundred million dollars. Further comment to show that our state has been robbed is unnecessary. The tangible property of the C. & O. & T. P. R. R. was assessed in 1911 for less than it was assessed in 1900, and but little more than in 1890, notwithstanding the great improvements made by the company. The other railroads have been similarly inadequately assessed on their tangible property for many years.

In May, 1910, a prominent official of one of the companies suing, stated that the special interests had in years past controlled the state's taxing boards, and the records apparently prove he told the truth in that instance. He also stated that he would control the present Board of Valuation and Assessment, but in this he has proven an ignominious failure.

Board Acts For People.

To date the people have won, and the Board of Valuation and Assessment consisting of Henry M. Bosworth, chairman; Tom S. Rhea and C. F. Crecelius, has finished its work for 1912, and, thank God, for once it has acted in the interest of the people.

Until this year the Board of Valuation and Assessment has been controlled in the interest of the big corporations by some hook or crook, either friendship, political favor rendered or to be rendered, bribery or intimidation, but never before has the state, county or city been given what it was rightfully entitled to.

The eight suits that have been brought against the state must be fought through all federal and state courts, and are of vital importance to our people. They involve for the state \$382,389, and for the county and city taxing districts \$223,396, or a total, annually, of \$1,205,785.

The railroad companies, realizing the magnitude of this fight and anxious to win out, not alone from a financial standpoint, but to prevent the great public denouncement that is bound to come in the wake of a victory for the state, are calling up the wonderful array of legal talent that is at their command through the power and influence that comes of the tremendous amount of money represented in their combined capitalization of approximately one billion dollars.

Master Legal Minds.

Among the master legal minds that are already engaged in preparing the defense of the suing corporations are Trabue, Dolan & Cox, of Louisville, for the Illinois Central Railroad Company; Galvin & Galvin, of Cincinnati, for the Cincinnati, New Orleans & Texas Pacific Railroad Company; John T. Shelby & Son, of Lexington, for the Chesapeake & Ohio Railroad Company; Col. Henry L. Stone, Helm Bruce, C. H. Moorman, R. A. Colston, of Louisville and Browder & Browder, of Russellville, for the Louisville & Nashville Railroad Company; Beckham & McQueen, of Frankfort, and Ernst, Cassatt & Cottle, of Cincinnati, for the South Covington & Cincinnati Street Railway Company and the Union Light, Heat and Power Company; Maxwell, Ramsey & Graydon, of Cincinnati, for the Adams Express Company and for the Southern Express Company.

In addition to this galaxy of legal talent, the suing corporations have a vast army of busy workers who never appear in the limelight or in the court room, and they may be described as research lawyers, accountants and statisticians, who are a mighty supportive element to the men who will present the cases and make the plea and arguments.

Without detracting one iota from

the splendid ability and known loyalty to the state's interests possessed by the attorney general, James Garnett, and his three assistants, the commonwealth's legal force, as compared with that of the corporations, must seem inadequate, indeed; and when it is taken into consideration that the attorney general's office has a multiplicity of cases and matters of state to fully employ their attention, and that the present situation comes in the nature of an emergency unforeseen and unprecedented in the state's history, the urgent necessity for the employment of other able lawyers as a supportive force to the attorney general becomes quite apparent.

Ability, known loyalty to the cause and assured freedom from corporation taint should be the gauge to govern in the selection of attorneys to assist in the defense of the state's interests.

Justus Goebel's Interest.

My interest in the work just completed by the board was, and is, different from, and greater than, that of any man in Kentucky or elsewhere—even though he may have been connected with the work. Love of my state and love for and memory of my assassinated brother, whose brain-work constructed and whose blood stained the statutes which made it possible to do what the Board of Valuation and Assessment has just completed, have compelled of me the service I have rendered in the matter, and, without official duty resting on me, I have given untiringly and almost constantly more than five months of time, energy and study to these assessments in the interest of the state and its people, to the exclusion of every other interest—business and personal.

Therefore, with such an interest and with the knowledge that I have gained through my labors, I feel that I am qualified, amply qualified, to make an appeal, in the name of the 400,000 taxpayers of the state who furnish seven-eighths of the revenue for the state's government, and who for many years have withstood the burden of unequal taxation, to the administrative and legislative officers of the state to support the governor with unlimited means for the necessary defense of the people's interest and cases.

There are men who have said in places that in the employment of Attorney John L. Rich the state had gone far enough, but to such men I would say, "Is your only interest the welfare of the people, and have you proved that there is no other interest that is greater with you than the people's interest?"

Every Citizen Interested.

We have been, and are, dealing in this with a matter which is vital to, and affects the comforts of every home, no matter how humble, and the pocketbook of every taxpayer in the commonwealth, be he laborer, mechanic, farmer, merchant or of any other rank or station. All have their interest in what we have been fighting for—more nearly equal taxation and relief from corporation oppression. The question is, shall the cause of our taxpayers be defended at the bar of justice by an array of counsel of the correct standard and in keeping with the greatness and importance of these cases, which involve, not only \$1,205,785 this year, but millions upon millions in years to come, and if the assessments are upheld, mean to this generation and generations yet unborn in Kentucky, lesser tax to pay, and to

the state adequate revenue for every purpose of government, economically conducted.

"Most respectfully yours,

Farm Drain Tile

Make Your Wet Land Productive.

By the use of drain tile you can turn that low, wet, useless, swampy field into the most productive spot on your farm. Good tile, properly placed, not only carries off surplus water, it admits air to the soil and makes it easy to work. It improves any soil. The increase in the value of the land is many times the cost of the tile. The first year's crop from tiled land pays for it. Any body can do the work successfully. Write for particulars or call at our plant.

My Doctor Said

"Try Cardui," writes Mrs. Z. V. Spell, of Hayne, N. C. "I was in a very low state of health, and was not able to be up and tend to my duties. I did try Cardui, and soon began to feel better. I got able to be up and help do my housework. I continued to take the medicine, and now I am able to do my housework and to care for my children, and I feel as though I could never praise Cardui enough for the benefits I have received."

TAKE CARDUI The Woman's Tonic

Cardui is successful, because it is made especially for women, and acts specifically on the womanly constitution. Cardui does one thing, and does it well. That explains the great success which it has had, during the past 50 years, in helping thousands of weak and ailing women back to health and happiness.

If you are a woman, feel tired, dull, and are nervous, cross and irritable, it's because you need a tonic. Why not try Cardui? Cardui builds, strengthens, restores, and acts in every way as a special, tonic remedy for women. Test it for yourself. Your druggist sells Cardui. Ask him.
